MURANO LUX LIGHTING

Handmade in Italy

Il vetro, con i suoi colori e trasparenze, abbinato alle fonti luminose moderne rappresenta una sfida per gli amanti del bel vetro.

Una sfida al presente e al futuro con il coraggio di riprodurre il vetro nella sua essenza con le sue forme più disparate, verso il mondo dell'arredo e dell'illuminazione.

The glass with its colours and transparency matching with modern light sources, represents a provocation for glass lovers.

A challenge for present and future with courage to make the glass in its essence with different shades, as regards the interior design and lighting.

Das farbige und transparente Glas kombiniert mit Lichtquellen, ist eine Provokation für Glasliebhaber. Eine Herausforderung für die Gegenwart und Zukunft, um das Glas in seinem Wesen mit seinen vielen verschiedenen Formen auf die Raumgestaltung und Beleuchtung zu realisieren.
