BOWL OVAL

Glass by Regina Medeiros.

From the traditional to the contemporary, the beauty and fragility of glass both add a touch of glamour to any room. Showing off their versatility, glass accessories can be applied to any interior design scheme with ease, marrying well with all styles and colour schemes. Glass accessories truly come to life when positioned near a source of natural light, emphasising their beauty and exposing the various colours and textures that form the piece. Gardeco has selected the exquisite work of 2 artisanal studios in Brazil, Vidros Regina Medeiros and Cá d'Oro glass studio. The sober and objective design, executed under a varied palette of colors and effects, characterizes their work, providing us with harmonious pieces suitable for any tasteful environment.
